

Taqi Saeed

Front End Developer / Web Developer at Freelancer

Taqi Saeed Lahore, Punjab, Pakistan I have extensive expertise utilising the Laravel PHP framework to build reliable, effective, and aesthetically pleasing web apps. I have expertise with front-end technologies including HTML, CSS, and JavaScript as well as a solid understanding of web development principles, including object-oriented programming. I bring to any development project my ability to collaborate with cross-functional teams, including designers and project managers. Because I am self-motivated, I take great delight in producing projects on schedule and within budget, as well as writing clear, maintainable code. I am certain that I can significantly contribute to any project thanks to my exceptional problem-solving abilities, attention to detail, and enthusiasm for remaining current with the newest technology.
